EDUCATION

VIT University

Bachelor of Science in Computer Science

June 2025

Current GPA: 8.3/10.0

Vivekanand Jr.College

High School

April 2021

Percent: 92

SKILLS

Programming:C/C++, Java, Python, Dart, Kotlin, HTML/CSS, PHP, SQL, R

Tools:Git/GitHub, Linux/Unix, AWS, GCP, Azure, Flutter, VS Code, Fire-Base, Bit-Bucket, MySQL, Jupyter Notebook, Laravel, Postman

PROJECTS

Taxi Data Analysis(link)

- * Performed data analytic on Taxi data set using various tools and technologies, including GCP Storage, Python, Compute Instance, Mage Data Pipeline Tool, BigQuery, and Looker Studio.
- * Created a dashboard in Looker Studio for visualization of transformed data
- * Visit the Github repository for more details

Architecting a Secure AWS Environment for PHP and MySQL

- * Ensured secure MySQL database hosting.
- * Established secure access for administrative users.
- * Deployed a PHP application meeting specified system requirements.
- * Utilized a t2.micro EC2 instance for website hosting and granted Secure Shell (SSH) access to administrators.
- * Safeguarded database connection details by storing them in the AWS Systems Manager Parameter Store.
- * Achieved website high availability by implementing a load balancer.

Dairy App(link)

- * Developed a Milk Dairy App to ease the work of farmer's and Dairy business
- * Used Laravel to create API in PHP and MY-SQL as backend and performed CRUD operations
- * Optimized UI/UX e.g. prioritized sound design, etc using Flutter

E-Com(link)

- * Used persistent data containers to save and load data, ensuring that it persists across plugin resets
- * Optimized UI/UX e.g. prioritized sound design, etc
- * Developed a Firebase Database server to SignUp/Login users and save the listed products of users in the database

EXPERIENCE

VinnovateIT | Senior Core-Member

2021 - Present

VIT University club

- * Member of the Design and Mobile Application development team.
- * Conducted Vinhack (Flagship Hackathon of VinnovateIT) with more than 1500 participants.
- * Work culture: Experiencing professional work culture and understanding the importance of constant effort for growth.
- * Technical Expertise: Learning from the best seniors in the university, and developing various projects.
- * Skills: Figma · Graphics · Mobile Application Development · Flutter · Mobile Applications

WalStar Technologies | *Flutter Intern*
Kolhapur, On-Site

August 2023 - Present

- * Currently working solo on a project of company
- * Skills: Figma · Graphics · Mobile Application Development · Flutter · Mobile Applications, PHP, MySQL

Valsco Tech Pvt. | *Flutter Intern*
Vellore, On-Site

May 2023 - July 2023

- * Worked on the Mobile App (Jurident), Implement innovative features
- * Experienced the agile and scrum working methodologies in an office environment.
- * Displayed remarkable skills in Android app development, showcasing a deep understanding of programming languages, user interface design, and app functionality
- * Skills: Figma · Graphics · Mobile Application Development · Flutter · Mobile Applications, PHP, MySQL

COURSES AND CERTIFICATION

AWS Academy Cloud Foundations | *Fundamentals of AWS.*

Sept 2023

AWS Academy Solution Arch | *Equiped myself with the skills and knowledge to design, deploy, and manage scalable and secure cloud solutions using Amazon Web Services (AWS).*

Oct 2023

Flutter and Dart | *Flutter, Dart, FireBase, Git, GitHub, VS Code, Android-Studio Code*

May 2023

UiPath RPA Business Analysis Fundamentals | *Took insights of business automation*

December 2022

UiPath Task Capture Overview | *Took deep knowledge and how to implement the Task capture function*

November 2021

Python Skill Test | *Passed the skill test of Hacker Rank.*

July 2022

Python 3 | *Learnt Python 3 language.*

July 2022

A Cognitive Walkthrough of Calculus | *Took deep knowledge of concepts of Calculus*

November 2021
